2021-2022
Processed USDA Foods Products and Commercial Equivalents
Price Catalog
For Approved Super Co-Op Member Distributors

SCOPE OF WORK

The San Mateo-Foster City School District (District) is the Lead Agency and the representative for the Super Co-Op, a USDA Foods cooperative in California. For the 2021-22 school year, the Super Co-Op is comprised of 235 California recipient agencies eligible to receive and process USDA Foods, with a combined average daily participation of over 1.3 million lunches per day, representing over 234 million Total Lunches Served (TLS) per school year, and approximately \$87 million in entitlement funding to purchase USDA Foods. District locations vary from Red Bluff in the north to Chula Vista in the south and are of varying sizes.

This document requests pricing from approved USDA Foods processing manufacturers for Super Co-Op Member District. Final purchases get made through an approved Super Co-Op distributor in California. **This price catalog is not a formal solicitation and no awards will be made.** Super Co-Op Member Districts indicate their intent to utilize a manufacturer through a survey process and USDA Foods bulk diversions are made pursuant to the results of that survey. Also, the diversion of raw USDA Foods to a manufacturer does not guarantee sales; the manufacturer must work with Member Districts to facilitate sales through local Member District procurement solicitations. Prices offered by vendors through this price catalog are not intended to be used for direct delivery sales. Pass Through Value will only be granted for manufacturers and products listed in this price catalog.
